I can't be no one
I can't see no one
Do you follow me?
I can't touch no one
I can't have no fun
Do you follow me?
Cause I'm blind
In my mind
And that's all
That anything means to me
Just how it seemed to be
Between the melody
Drive all em in into the sea
What is the way for me?
Think that I want to be real
When you say my name
It doesn't feel the same
As your tellin me
I know I may be lame
I do not blame
You for killing me
It's not you
It's not me
It's not them
We're all the casualties
Fooled by a make believe
Individuality
Inside the heart is free
How does it feel to be afraid of being afraid
Friends I have known have left me with no tongue
Feeling I have nothing to say
Friends have come near
For reasons now unclear
And left with me with a taste for what it's like
For what they're like
I can't be no one
I can't see no one
Do you follow me
I can't touch no one
I cant have no fun
Do you follow me
Cause Im blind

In my mind
And that's all
That anything means to me
Just how it seemed to be
Between the melody
Drive all em in into the sea
What is the way for me
Think that I want to be real
