J. spinks

Looks like she came from the sixties
Wearing flowers in her hair
Still in love with sgt. pepper
Seen it all 'cos she was there
Saving up her memories for another rainy day - jane

Sending out an invitation
Tries to hide her dream affair
Confidential information
Making headlines everywhere
She could tell the truth and watch the words get
Re-arranged - jane

Look at all these nowhere people
Little piggies everywhere
Never keeps their name or number
String of pearls that she can't wear
One day all her secrets might be in the news
Again - jane
Saving up her memories for another rainy day - jane

One day all her secrets might be in the news
Again - jane
