With no care and no concern, watch all the bridges that
I'll burn. responsibility: it's so far from me, but we can't
procrastinate 'cause our time is slipping away. watch
me slowly decay. lets go, can we go back in time? won't
turn our backs to the warning signs. personalities -
they're starting to change. familiar faces they seem so
fucking strange. one by one, the crowd will lead.
they're clawing their way (clawing their way) to the
american dream. watch me slowly decay. lets go, can
we go back in time? won't turn our backs to the warning
signs. watch me slowly decay. lets go, can we go back
in time? won't turn our backs to the warning signs.
