

The Wheresville Project "Kicks"

Visit "[Kicks](#)" on MotoLyrics.com

I know money can't buy me love but that's not gonâ€™™
stop me from trying
To force my way out of being named by your
categories and advertising
I'm no simple man but I've got problems a black and
tan couldn't fix
You've been giving me hints but I'd need a novel of tips
on how to get your kicks
How to get your kicks (repeated)

She rubbed my leg and if imma be frank she lit my
candle
Conversation went sideways, cause that blank stare
was just too much to handle
I'm done with your sick charade, it's all depraved, I
want none of this
You've been giving me hints but I'd need a novel of tips
on how to get your kicks
How to get your kicks (repeated)

And it goes like this

That night I drove home with an empty seat right next
to me
Itâ€™™ s ok cause my friends on the radio are here to
keep me company
Smoke another man from your the pack, anything to
get your fix
Feel the poison on your lips, anything to get your kicks

How to get your kicks (repeated)

Like you want it
Like you mean it
And it goes like this

It's a simple request, I've been to before, I just want
know
Itâ€™™ s a simple request, I just want to know (2x)

How to get your kicks
