Maybe she texts me
Or she don't or she don't or she don't
But if not I'll call her
On the phone on the phone on the phone

Maybe she answers
Or she won't or she won't or she won't
So I'll leave a message
I say hello I say hello hello

I say hello I say hello hello
I say hello I say hello hello

Maybe she texts me
OXO OXO OXO
Maybe she tells me
Just to leave her and leave her alone

But either ways OK
I say this is just the way that it goes
Either ways OK
It's just better that she know than not know

It's just better that she know than not know
It's just better that she know than not know

I say hello I say hello hello
I say hello I say hello hello

I say hello I say hello hello
