Racing down this lonely road silence  
I can hear that the rose you grew is turning ultraviolet  
And im taken away and its safer to say that that  
there may be a way and and and it could be today uh  
uh  
despite the rain  
and despite my aim  
as a little kid didnt like my name  
but the smoke cleared and the streets got rain  
i aint doing this for a check or fame  
this right here is to relieve my pain  
revive all the ears that hear the same  
provide for my fam and the ones that came  
for the ones thats lost  
and the ones thats slain  
lost my girl V at an early age  
cry so hard when i turn that page  
morning dew with a scent of sage  
oh say oh

chorus:  
hey when the rain falls  
and the night crawls down  
yeah you got me here  
in this Humdrum town  
oh oh  
in this Humdrum town  
in this Humdrum town  
(Repeat)

Time turns over when gazing into the night  
your sensations information is making it turn to life  
to be near you just feels right  
mountains and valley hikes  
i brought the flowers to the picnic the linen is eggshell  
white  
and they say darkness falls i miss you more  
two missed calls can't take no more  
this what Brooklyn's been waiting for all my life i stood  
patient for  
but the town turned blue thats the first i laid my eyes on  
you

now it's us in this humdrum town I'm gonna keep my  
eyes on you you

when the rain falls down (oh oh oh oh)  
in this Humdrum town (x4)

chorus (x2)
