Accept the new, Your picture on my phone I was
expecting you
Arrived at the airport, I meet you outside
The girl in the blue dress palm, trees wild
Hazy streets, pale air breeze
Luggage is black and Balboa Sleeves
Crucifix me, Crucifix me. Mr. Lucifer has got nothing
against me
Hotel stop! Pull up at the Ramada, light years ahead,
she don't wear Prada
Church bells. Ring ah it was her momma
A Sherm to be built it ain't no Honda
I want you dear, I made it clear
I had dreams of us. A trickles glare
Blouse undone, and nibbled ears
Sunset drive, lipstick smeared
I need to tell you, your sexual attention and not to
mention uh I'm getting
Red

This is black cat, won't you get ahead. Start a new day
let the better
Spread
Monatoo fops hitt'em with myscop I'm think we should
dash over time with
Sash-spots
Because your hands on my hands, your skin on my
hands. Your skin that's my
Plans. Follow through
Hey, Hey, I want you. I want you, I want you the right
way
You know I want you but I want you to want me too
I want you to want me to, just like I want you
I give you all the love, I want in return sweet darlin'
But half of love is all I feel
It's too bad, it's just too sad
You don't want me now
But I'm gonna change your mind
Someway, somehow, oh baby
