You're screaming
I hate your voice when you're screaming
Nobody understand I'm leaving
I'm so tired of hearing you fall
So tell me
What's going on with you. Remember…
You used to make the wrong desitions
But there's no reason to be down

This could be the speed of the world
Or maybe the absence of love
Maybe there's to much ligth for you
And you don't know
Tell me what going on with you
I'm tired of hearing your voice
Every minute, every moment in my life, just…
Leave me alone!

You're screaming
I hate your voice when you're screaming
Nobody understand I'm leaving
I'm so tired of hearing you fall
So tell me
What's going on with you. Remember…
You used to make the wrong desitions
But there's no reason to be down

This could be the speed of the world
Or maybe the absence of love
Maybe there's to much ligth for you
And you don't know
Tell me what going on with you
I'm tired of hearing your voice
Every minute, every moment in my life, just…
Leave me alone!

You're screaming
I hate your voice when you're screaming
So tell me
I'm so tired of hearing you fall
You're screaming, you're screaming, you're
screaming, you're screaming

Just leave me alone, just leave me alone, Just leave me alone, just leave me alone, just leave me alone!
