Turn it on, turn me up  
I'm wating for you in the disco  
Turn it on, turn me up  
I'm wating for you in the disco. x2

And finally we make it  
The disco, the first dance  
And finally we make it  
The disco, the first dance

Turn, turn, turn, turn it up, turn me on  
Her lip stick stoped in my neck or my leg  
Turn, turn, turn, turn it up, turn me on  
The run is on , we fly for fun here we go. X2

Turn me in something's wrong  
I'm wating for you in the disco  
Turn me in something's wrong  
I'm wating for you in the disco

And finally we make it  
The dance floor is wating  
And finally we make it  
The dance floor is wating

Turn, turn, turn, turn it up, turn me on  
Her lip stick stoped in my neck or my leg  
Turn, turn, turn, turn it up, turn me on  
The run is on , we fly for fun here we go. X2
