## "Eye to Eye"

I wanna get close  
Wanna spend my time with you  
We gotta sit down and talk  
Got to see things eye to eye

She didn't love me  
I tried to tell her but I couldn't begin  
It's not a thing that takes a moment  
I'm coming over, better let me come in

I wanna get close  
Wanna spend my time with you  
We gotta sit down and talk  
Got to see things eye to eye

You'll understand me  
A lot better when the picture's all clear  
I'm yours and anyway you want me  
Move over 'cause it's lonely over here

I wanna get close  
Wanna spend my time with you  
We gotta sit down and talk  
Got to see things eye to eye

You've got no choice  
You've got no say when it comes 'round  
I'm gonna jump down, don't walk away  
We've got to see things eye to eye

There was something when I met you  
There was something in the words we didn't say  
It was something that we both knew  
It was something that don't happen every day

I wanna get close  
Wanna spend my time with you  
We gotta sit down and talk  
Got to see things eye to eye

You've got no choice  
You've got no say when it comes round

I'm gonna jump down, don't walk away  
We've got to see things eye to eye

Eye to eye, eye to eye
