I'm alone and I'm lost in this playground  
The lights are down on me  
All alone and afraid in this playground  
The city never sleeps

If you listen you won't understand  
So confused I don't know where I am  
I can't hold on I can't hold onto love  
I've tried time and time again

Every street is a dream in this darkness  
The lights stay down on me  
I'm so hot I can't breathe in this darkness  
Inside I'm never free

Just need someone to take me away  
Take me with you is all I can say  
I can't hold on, I can't hold onto love  
I've tried time and time again

If you listen you won't understand  
So confused I don't know where I am  
I can't hold on, I can't hold onto love  
I've tried time and time again

I can't hold on, I can't hold onto love  
I've tried time and time again  
I've tried time and time again  
Oh I've tried time and time again  
And I've tried time and time again
