"'49 Plymouth"

Out in my garden
Junk all around
Outside my window
Sun beating down
Hot as a heat lamp
Strange buzzing sound
Out in my garden
Life can be found
Large flying insects
Small birds of prey
And tiny green reptiles
Say "Have a nice day"
And last Sunday's paper
Rots on the ground
There amid the wreckage
Wild flowers abound
Out in my garden
Rust all around
Red on the metal
Sun beating down
'49 Plymouth
Engine and frame
Naked, not sacred
Feeling no shame
