"A Hundred Lovers"

A hundred lovers dressed in red
A hundred lovers lying in my bed
A hundred lovers, my big surprise
A hundred lovers peer through her eyes
A hundred lovers, that's what I said
A hundred lovers dance in her head
Demons taunt her, spirits guide her
A hundred lovers all inside her
She's 23 goddesses, a couple of Queens
Half a dozen sirens of the silver screen
And 69 bathing beauties lying in the sun
A hundred lovers rolled into one
A hundred lovers all looking fine
A hundred lovers all mine
A hundred lovers with all their charms
A hundred lovers lie in my arms
She's 23 goddesses, a couple of Queens
(Latifah and Divine)
Half a dozen sirens of the silver screen
(Oh so fine)
And 69 bathing beauties lying in the sun
A hundred lovers rolled into one
A hundred lovers lie in my arms
