Well, rocking Robin said "Oh mama please,
I'm begging you down on bended knees
I wanna go down, wanna jump and shout
Down on the corner where the cats hang out
Down on the corner where the cats hang out."
Her mama said "Rockin, you're making me cry,
But a robin's gotta rock, and a bird's gotta fly
But before you go jumping, go out rocking tonight
It's time that I tell you a few facts of life
It's time that I tell you a few facts of life
"Cats will be cats, and cats will be cruel
Cats can be callous, and cats can be cool
Cats will be cats, remember these words
Cats will be cats, and cats eat birds
Cats will be cats, and cats eat birds
"So Robin, get wise, use good sense,
And better brush up on your self defense
It's a jungle out there, and hunger strikes deep
Better take care, better watch where you sleep
Better take care, better watch where you sleep."
Well, rocking Robin said "Oh mama please,
I'm begging you down on bended knees
I wanna go down, wanna jump and shout
Down on the corner where the cats hang out
Down on the corner where the cats hang out
