I don't wanna dance and strip  
Or make your backbone slip  
I don't wanna bump and grind  
I just wanna funk with your mind  
I don't wanna tie you up  
I don't wanna treat you like a pup  
You know I'm not that kind  
I just wanna funk with your mind  
You're so macho, you're so cocksure  
I say okay, let's play doctor  
You're so brave won't you let me  
Attempt a little amateur brain surgery now  
I don't wanna curl your hair  
And I don't wanna touch you there  
I wouldn't wanna make you go blind  
I just wanna funk with your mind  
I don't wanna pump your percolator  
And I don't wanna fix your carburetor  
I'm not that mechanically inclined  
I just wanna funk with your mind  
You're so macho, you're so cocksure  
I say okay, let's play doctor  
You're so brave won't you let me  
Attempt a little amateur brain surgery now  
I don't wanna take pictures of you  
I never wanted just a paper view  
I wanna see how you are really designed  
I just wanna funk with your mind
