Verse 1:

Ah, When I came on this mic yeah
You knew we had been,
And when I stepped up in here and started rappin'™,
Like in my shows when I see the hands they
clappin'™,
Like when I'm under the sea chillin'™ with
Sebastian,
Yeah now the phone rings and who they callin'™,
Cuz know that when I'm steppin'™ in and you
know this dude is ballin'™,
But understand like the hands you know they
throwin'™ up,
Cuz you understand them Disney beats we never
growin'™ up,
Yeah, and if you feel them, gimme beats I kill them,
We can make on anything you hit it wit a steel drum,
Sure we out there killin'™ it, don't know if you
feelin'™ it,
Jammin'™ I could do it from my mind yes I'm
willin'™ it,
Uh, and if you want it, you take it home,
Like I do with this microphone, yes I'm in the zone,
So you get it, cuz this is how it goes,
And I know you can sing along cuz this is how it blow
like

Chorus:

Under the Sea, yeah, Under the Sea, yeah
Darlin'™ it's better, down where it's wetter,
take it from me, take it from me
Under the Sea, Under the Sea, yeah,
Darlin'™ it's better, you know I get you wetter,
Under the Sea (haha)

Verse 2:

Yeah, comin'™ up for air, been under the sea
forever,
Darlin'™ it's gotten better ever since we got
together,
In that moment, when I started to dream,

When I can't hear the stage, and y'all all started to
scream,
Like, this, see this the reason that we did it,
We got too much to lose and I go try and win it,
I catch you on the flipside, I'll catch this life and flip
it,
I feed on these timeflies (haha) ribbit,
I'm in it, on it, did it, done it,
And modesty it dishes to my life I f***in' love it,
Yeah I live it to the floor there's ain't a minute
that I let go,
And we've been doin' it big like this from the
mother f***in' get go,
Yeah, that's from the start, the arrival,
Hold the antibiotics cuz the video's a viral,
So this is for the people cuz we do this shit for you,
Now let's show 'em where these dreams come
true,

(Chorus)

Bridge:

Just this time, it seems that everything has changed,
And we don't mind and nothin' will ever be the
same,
Yeah, like I ain't did it in a minute with it down on
the floor you can go and hop in it,
So come with me, I gotta show you, baby let me take
you where you want to go to,
And that's sâ€¦

(Chorus)
