I don't know how I got here
But it don't even matter
I'm lost-uh in the darkness
With lights and sounds and lasers

Somewhere in the distance
I hear a whisper
I can hear it calling me, calling me
And just like an echo
Telling me to let go
Coming from a voice that I can't see

To all my party people 'round the globe
This is the sound of the music taking hold

Can you feel it?
Can you feel it?
Can you feel it?

Riding on the soundwave
And I can see the light glow
Surrounded by this moment
The music takes me higher

Somewhere in the distance
I hear a whisper
I can hear it calling me, calling me (calling me)
And just like an echo
Telling me to let go
Coming from a voice that I can't see

To all my party people 'round the globe
This is the sound of the music taking hold

Can you feel it?
Can you feel it?

Can you feel it?
Can you, can you, can you feel it?

To all my party people 'round the globe

Can you feel it?
Can you feel it?
Can you feel it?
No, no, no
No, no, no
No, no, no
No, no, no
Can you feel it?
