Tonight, she found me just in time
Her smile brought me back to life
Like some kinda miracle.

She stares, all I want is more
Unless saw her captivor
She's an original
Yeah, yeah eh

She don't have to speak no
A single word to me no
But when she opens up her eyes
There ain't no mystery no no no no
She's so unbelievable

Chorus:
Don't know why the stars are in the sky
Don't know how this love found me tonight
But something I know for sure
Baby you're incredible
And I want the whole world to see
You are the lighter side of me
One thing I know for sure
Baby you're incredible

Tonight, feel our hearts alive
Inside, when her lips touch mine
Oh yeah,
It's indescribable
Ooh, ooh
With every move she makes
She takes my breath away
girl I know that every moment is a chance to say you're
beautiful
Baby you're a miracle
Oh

Chorus:
Don't know why the stars are in the sky
Don't know how this love found me tonight
But something I know for sure (for sure)
Baby you're incredible

And I want the whole world to see
You are the light inside of me
One thing I know for sure (one thing)
Baby you're incredible

Baby you're incredible
Baby you're incredible
One thing I know for sure
Baby you're incredible

Don't know why the stars are in the sky
Don't know how this love I'll meet tonight
But something I know for sure
Baby you're incredible
And I want the whole world to see
You are the lighter side of me
One thing I know for sure
Baby you're incredible

Baby you're incredible
Baby you're incredible
One thing I know for sure
Baby you're incredible
