[Chorus:]

She's like oh there's Stryderman  
Top east London writer man  
If anyone can then Stryder can  
Work through on the whip like Spiderman  
She's like oh that Stryderman  
Top east London writer man  
If anyone can then Stryder can  
Work through on the whip like Spiderman

[Verse 1:]

Hi it's me again  
Tell them it's Stryder  
The girlfriend taker  
The boyfriends hate me  
All I gotta do is drop a double one liner  
And if not minor the necklace will blind her  
The other dudes can't do it like me  
Prada boots with the new Armani  
Look, man are on a hype,  
Like watch when I see him.  
But when I go come, there like kamikaze  
Girls like paper, but I'm a raider  
But I'm on ya telly so it makes things easier  
And it's so obvious we do this major  
From the whip to the gun, I'm sweat-ain her  
Look pie-hater don't get mad  
Cause I got your girl webbed up quick like a spider  
Don't get close to my goons means danger  
Don't get clocked on the radar

[Chorus]

[Verse 2:]

Yeah, I do things my way  
Oh that's the bow way  
E3 free again, yep make da way  
Yep line the bars like laps and drakes hallway  
So I guarantee like always  
And I've been locking down girls from school days  
Cause I've been a star in the hood from school raves

I got the girls they lovin' it  
Can't get enough of it, learned  
That from my old cool tape  
She's like oh there's Stryderman  
And I've been a top east London writer man  
Look whys your man tryna see me man  
He can't see me man cause I'm a ninja man  
You chase girls and ladies chase us  
But when them black throw mans it on trust  
Look real talk I ain't tryin' to start up a fuss  
But real G's don't need luck

[Chorus]

[Verse 3:]

Strydes  
I got my swagger and chicks like always  
Strydes  
I got my swagger and chicks like always  
Get me, Yo!  
She wants me, I know this  
Gimme one week and I'll lock this  
I'll have her mind lost like mazes  
And I'm sayin' it large but conk this  
But I kick back, chill, I got my mind straight  
I'm sick with the rhymin'  
I'll carry on doin' what I'm doin'  
That girls like

[Chorus: x2]

She's like oh there's Stryderman  
Top east London writer man  
If anyone can then Stryder can  
Work through on the whip like Spiderman  
She's like oh that Stryderman  
Top east London writer man  
If anyone can then Stryder can  
Work through on the whip like Spiderman
