Hella money, tryna buy some fun shit
All of my girls came, still ain't even done shit
Lookin' so amazing just to get attention
So we can find a nigga who is someone worth a
mention
I said there's plenty fishes in the sea
But everything I've caught so far was not the one for
me, no
Not like I need it, I'm loving living free
But when I saw you synthesized my heart 'bout skipped
a beat

You got the... swag
Baby can I meet you at the... car
Left it with the nice valet out... back
We can drive away and go so... far
So far

If this is somethin' you're tryna fuck with
Tell me if you're down now, you know I'll be comin'
If this is somethin' you're tryna fuck with
tell me if you're down, I'm down now

I like it when you come in and take up all
The space in my mind
My mind
I'm boutta let... gonna let, I think I'll let you love
Me tonight

I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down

I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down

I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down

I'll let you lick me down, down, a-down down down
I'll let you lick me down, down, a-down down down
