Chorus:

Reverie, reverie  
You know reverie  
And everything you thought you know isn't what it  
seems  
Oh, oh, and truth, truth will set you free  
And I will never lie to you, so listen close to me

We've been needing these lies  
They've been feeding us all lies  
What happened to our blue sky, oh?  
Baby, get us young, 9-11 disillusion  
This no war is begun

And we spend every day on the same shit  
I'm not gonna make it  
Every day we're from different script  
People lie down with the changes  
Face it, this ain't what we're supposed to play  
This is a better way!

Chorus:

Reverie, reverie  
You know reverie  
And everything you thought you know isn't what it  
seems  
Oh, oh, and truth, truth will set you free  
And I will never lie to you, so listen close to me

Oh, oh, oh  
Hear my... feel my feeling  
... feed me diamonds  
Truth is not the same as silence  
Follow me towards...

Chorus:

Reverie, reverie  
You know reverie  
And everything you thought you know isn't what it  
seems  
Oh, oh, and truth, truth will set you free

And I will never lie to you, so listen close to me
