Under snow full of ash  
Draw to you like the 5 draws  
Cold hands like doing crash  
Wanna say I love you sometimes, but it aint  
happenin' f' me, 'cause I'm  
Other times I'm back in the cold, frost  
appears not in the winter only  
It gets so cold, still we keep comin' out for more  
We just let it pourin' f' me right  
See the more we hide behind slammin' doors tomorrow  
surely we'll die  
I can't believe they would flee so easily we  
ain't love deprived  
Girl we just make somethin' f' me divine, less  
perfect, more human with time  
Until then I try so go ahead now

You may shoot, you may cut , you may kill me girl  
Your words, your eyes, in and out of this crazy world  
And still I rise, like it I rise.  
She was stuck between a rock and a hard hard place  
Came home, runin' f' me wild, in and out of  
emptiness  
And still you rise, like it you rise.

I wanna tell you sometimes, it feels like we've killed the  
world  
Don't wanna leave you like no mercy left at all  
Then I don't know where the love, will come  
back into our lives  
It feels like saving the world, saving the world  
You and I

Me matan  
Estos momentos me matan  
Me ponen al borde  
De un grito me sacan  
De quisio ni locura ni la drogas me la curan  
Y aunque el cielo pa me juran  
Se lo soy lo que soy  
Soy el que duda  
Se me quiebra la calma

Y ahora siento que sigo  
Esta flecha hacia el muelle  
Al final del camino  
Y al final no me sofoco  
El aire puro respiro  
Al sentir tu aroma,  
Despertar contigo

A thousand roses isolated and everybody knows  
We cry, we try, try to get it together for sure  
And still we'll rise, like it we'll rise  
SugaÃfÃçâ, ÑÃ™ sugaÃfÃçâ, ÑÃ™, i was  
dreaminÃfÃçâ, ÑÃ™ last night about you  
Wrapped up in real talk i will not lose  
And still we'll rise, and still we'll rise  
Like it we'll rise

I wanna tell you sometimes, it feels like we've killed the  
world  
Don't wanna leave you like no mercy left at all  
Then I donÃfÃçâ, ÑÃ™ t know where the love, will come  
back into our lives  
It feels like saving the world, saving the world  
You and I

We saved the world, we killed the world  
We saved the world, we killed the world  
We saved the wolrd, tonight  
(We saved the wolrd, tonight)  
We saved the world, we killed the world  
We saved the world, we killed the world  
We saved the wolrd, tonight

Yeah

I wanna tell you sometimes, it feels like we've killed the  
world  
Don't wanna leave you like no mercy left at all  
Then I donÃfÃçâ, ÑÃ™ t know where the love, will come  
back into our lives  
It feels like saving the world, saving the world  
You and I

Me matan  
Me matan  
Me matan
