Yeah, right about now I want everybody
To put your peace signs up in the air
This one is for the struggle everywhere

He went from a hut to the ghetto
From the ghetto to a mansion
Catch him on the block, kid's romantic
Top of the building, yeah he be dancing
He's living proof so you got no excuse
Say Hallelujah, say Alhamdulillah
Yeah, raise be at whoever your hearts is at
Whether that be Allah or Jesus Christ
Listen, ain't no problem if you flipping the bird
If you got left at the curb than it's absurd
'Cause life is a regular time to be secular
No place for lot have mercy in particular
They party for real, I've seen people grabbing and steal
End a conversation for less than a dollar for real
Hard to conceal when you're spinning wheels
With a PhD in a gypsy cab you feel me

Oh, I remember way back when it was a dream that I had
We were just a couple of friends playing in the school yard
And with the all the weight of the world hanging over you
Yeah, with the all the weight of the world hanging over you

Hey hey the sun is shining, the boys are crying
The streets are marching, I don't mind changing
Maybe she lies, maybe she cries
Maybe she give you a piece of her mind
Maybe she knows
Maybe she lies, cause she'd prefer a broken neck
Instead of a broken heart

Oh, I remember way back when it was a dream that I had

We were just a couple of friends playing in the school yard
And with the all the weight of the world hanging over you
Yeah, with the all the weight of the world hanging over you, hey hey

Y tanto se a entregado
Y tanto se a pierdido
El tiempo pasa y nadie
Encuentra esta a mano avieta
Pierdido en a luna
Estrellas que me asustan
El tiempo pasa y nunca
Veo esa puerta avieta
Quando vere?
Quien me vera?
Quien me dara
Un beso en la frente quando no pueda mas?
Se que yo l lo que so
Puedo darte mas
Si mas si mas si mas

Oh, I remember way back when it was a dream that I had
We were just a couple of friends playing in the school yard
And with the all the weight of the world hanging over you
Yeah, with the all the weight of the world hanging over you, hey hey

Oh, I remember way back when it was a dream that I had
We were just a couple of friends playing in the school yard
And with the all the weight of the world hanging over you
With the all the weight of the world hanging over you
