Switch on the TV what do I see
Yet another guy that looks just like me
Another picture, Another story, Another tale, Another
piece
Some guy who got shot
Young guy left to rot
Lady got robbed
Some guys who got stopped

Open the paper in search of news and enlightenment
Met by some story 'bout hate and incitement
Half the stories in the paper 'bout us
Another woman got assaulted on the bus

There's a piece about young immigrants and thugs
Another article 'bout brother selling drugs
Turn the page hurt my eyes enough
Yo this bs everyday is tough

It's just me, just me
Yet again all the talks about me
Just me, just me
No matter what I do, you can't set your mind free,

Hear a lie enough times and you believe it for sure
Obstacles in your way make u wanna quit
And turn your back on everything

Shine a light up
Brothers and sisters going get brighter
Even though the media try to demonize us
Need to wiser
With eyes wide shut
We ain't gon' get nowhere
So man listen up
Raise your cup
It ain't half empty
It's half full
Life is a test
It faces many obstacles

Con la frente siempre en alto hasta el crepúsculo

Nunca esperando un milagrito mayÃ©sculo

Soy ciego a los lamentos de aquellos que se aferran a
ser victimas

Blanco, negro

Creyente no creyente

La belleza de este mundo es que somos diferentes

[Translation:]

Always facing the twilight

Never expecting miracles to happen

I have immunity to the wailing of those who insists on
being victims

White, black

Believers, non-believers

The beauty of this world is the fact that we are different

It's just me, just me

Yet again all the talks about me

Just me, just me

No matter what I do, you can't set your mind free,

Another day in parliament politicians speak

So call Guardians of the land protectors of the weak

Immigration this integration that

Minorities dissed again same ol' chat

Open the paper in search of news and enlightenment

Met by some story bout hate and incitement

Half the stories in the paper bout us

Another woman got assaulted on the bus

Theres a piece about young immigrants and thugs

Another article 'bout brother selling drugs

Turn the page hurt my eyes enough

Yo this bs everyday is tuff

It's just me, just me

Yet again all the talks about me

Just me, just me

No matter what I do, you can't set your mind free
