This shit's aintent like Egyptian  
So pay attention if u don't want segregation  
A child born destined to be a king  
Never seen never heard about  
Never has he mentioned in no books  
Raised by Sufi's not crooks  
Desert Knowledge  
Sophisticated anticipated by those who froze long time ago

*[Chorus:]*

Uhh give me one mo' chance  
I don't wanna burn the bond between us  
Uhh gotta piece of mind  
Open it up and ride it with us  
On and on  
We go - hand in hand  
We ride - side by side

De la duda a la angustia hay un paso  
Amarrados con disgustos a tu paso  
Tu me rechazas, yo amenazo  
Amenazas sin respaldo en este caso.  
Amor mÃo, ensÃame el camino a seguir  
Aunque pueda yo morir a tu lado  
Con lazos del seÃor mano a mano.  
Tus ojos dan calor, no puedo ni contigo ni sin ti  
Mis sueÃos son por ti, tu destino es aquÃ  
LlorarÃas al yo irme?  
Serias frÃa como hielo al despedirme?  
Tus ojos dan la luz a mi vaciÃ<sup>3</sup>  
Me hacen anhelar el dÃa que me llames amor mÃo.  
No se lo que decirte  
Ãngel de mis sueÃos  
No te olvidare, llorarÃo  
Aunque nunca frente a ti  
Y sabes que en mis sueÃos  
Yo te llevo junto a mi  
Por ahora y siempre

*[Translated]*

From the doubt to the anguish there is one step

Tied with disgusts as you pass by  
You reject me, I threat  
Threats without backing in this case  
My dear one, show me the way to follow

Even if I could die by your side  
With Gods bonds, hand in hand  
Your eyes give fervor, I can with or without you  
My dreams are for you, your destiny is right here  
Will you cry when I'm gone?  
Or will you be cold like ice when I say goodbye?  
Your eyes give light to my emptiness  
They make me desire the day you call me the love of  
yours  
I don't know what to say to you  
Angel of my dreams  
I won't forget you, I'll cry  
But never in front of you  
You know that in my dreams  
I would keep you with me  
For now and forever

*[Chorus...]*

Label me an alternative life form  
Calm though I bomb with a lyrical storm  
Strong like Attila so bring it if u dare  
Bring an army of warriors still I wouldn't care  
U about to loose  
For my verbal abuse and phrases  
Cut through your mental like razors  
Terror to my section  
Which election?

Politicking ate my country with corruption  
Here they come when they attack they intent to kill  
My power penetrating amours and shields  
Using deadly force, knocking planets off course  
Hot like the sun you better run cause I collapse like the  
red sea, people  
got kids to feed  
If u had seen what I have your eyes would bleed  
U cant flow the old fashion way stay low when and  
where I appear u never  
know !

*[Chorus...]*
