"Plastic Fantastic"

Visit "[Plastic Fantastic](#)" on MotoLyrics.com

It's a plastic illusion, chemicals are the way
Salvation will arrive when we blow up the USA
If all the institutions disintegrate right now
We will laugh with the children
We are all high

Fantastic, fantastic
Plastic people smile (and die!)

Motivate you got to get your conscience unlocked
Will Jesus come and squeeze us when we're
smokin' that rock?
Will he burn down my ego?
It's a bonfire

Fantastic, fantastic
Plastic people smile (they're happy!)
Fantastic, fantastic
Plastic people smile, smile, smile

It's a plastic illusion
Chemicals are the way
Salvation will arrive
When we blow up the USA

Fantastic, fantastic, fantastic
F-f-f-f-fan, fantastic, fantastic
It's fantastic, fantastic
Fantastic, fantastic, plastic, plastic

The entire world, is covered in plastic
The entire world, is covered in plastic
It's covered in plastic
It's covered in plastic
We're covered in plastic
We're covered in plastic
