In this place of brokenness  
We reach for you  
In this place of hopelessness,  
Take us home, take us

Come take us home  
To the place, where your mercy roams  
Come take us home  
Lord, take us home

And as we reach higher to you  
Please reach for me  
And as we reach higher to you  
Take us home

We are so lost without you.

And as we reach, higher to you  
Please reach for me  
And as we reach, higher to you  
Take us home

Come take us home  
Lord, take us home
