Jones-Thomasson

Take it any way you want it
Be your own superstar
Let the world know
The only way you want it
Is the way you are

Take it like it is and love it
Put your heart in what you do
You can even have
The devil in your shoes
If you wanted to

'Cause if you do it
You'll find out just how easy it is
There's nothing to it
Take the magic out
Take the love away

Make 'em hear your song and like it
Any way you want it to
If you want to be a star
It's not so very far
It's really up to you

Make 'em take your voice and like it
(You know you got to be free)
'Specially when you're vowed to do
(Rock and roll is what you need)
You can sing the blues
The gospel and the news
If you wanted to

'Cause if you do it
You'll find out just how easy it is
There's nothing to it
Take the magic out
Take the love away

Take it any way you want it

Be your own superstar
Let the world know
The only way you want it
Is the way you are

Take it any way you want it
Won't you be your own superstar
I said let the world know
The only way you want it
Is the way you are

Can't you hear me now
Take it any way you want it
Won't you be your own superstar
Let the world know
The only way you want it
Is the way you are

Yeah, I want you to take it (I said take it)
Take it any way
I want you to take it (take it)
Any way you want it
Take it
