Sometimes I feel like
I'm getting kinda low
Thoughts I am thinking
Are the reason and so

I try to remember
Without talking to myself
Things that I said or maybe
Things that I felt about you

Sitting in a corner
Of a crowded bar room
People all around me
And I still feel alone

Just when I know
I'm gonna break down and cry
Someone plays the tune that
Dried the tear from my eye

There goes another love song
Someone singing about me again
There goes another love song
Now, I need more than a friend
Yeah

Lonesome and lonely
And far from my home
Trying to get back to
Where I know I belong

Wishing and hoping
I was already there
I just heard a voice
Whispered in my ear, singing

There goes another love song
Someone singing about me again
There goes another love song
Now, I need more than a friend

Do, do, do, do, do

Do, do, do, do, do
Do, do, do, do, do
Do, do, do, do, do

There goes another love song
Someone singing about me again
There goes another love song
Now, I need more than a friend

I said
There goes another love song
Someone singing about me again
There goes another love song
Now, I need more than a friend
Yeah
