(feat. Morena & Sirreal)

The summer is crazy with you
Summertime's fun then nothing else matters!
The summer is crazy with you
Its ice cream and fun now , we can be together!
Lets go!

An invitation to the world
Keep on rocking, rocking, yeah
Romanian girls partying, rocking, rocking, oh!
They got me jumping low, low
They got me watching, oh, oh
But I aint stopping, no,
Uh, I just want more!

Me you and all yours ..OK!
Remember what were talking for!
When the beat starts banging, I dont care less
You know that I like where
I like it even more when youre
And I like it even more when you bring your friends
Say, me and you
I say, lets go!

I remember when
I was dancing with my friends all the night
Summertime!
I wanna do the same
Dancing in the rain every the night
Summertime!
Lets go!
I remember when
I was dancing with my friends all the night
Summertime!
I wanna do the same
Dancing in the rain every the night
Summertime!
Summertime!
Aha, lets go

I know that you want me close, so come on!
Now raise your glass, come on
Lets drink for us come on!
Its a celebration yeah!

The summer is crazy with you
Summertime fun then nothing else matters!
The summer is crazy with you
Its ice cream and fun now , we can be together!
The summer is crazy with you
Summertime fun then nothing else matters!
The summer is crazy with you
Its ice cream and fun now , ice cream and fun now!

I remember when
I was dancing with my friends all the night
Summertime!
I wanna do the same
Dancing in the rain all the night
Summertime!
Aha, aha! Morena, morena, so real, so real
Lets go! Lets go!

The summer is crazy with you
Summertime fun then nothing else matters!
The summer is crazy with you
Its ice cream and fun now , we can be together!
Lets go, lets go!

I remember when
I was dancing with my friends all the night
Summertime!
I wanna do the same
Dancing in the rain all the night
Summertime!
Come on, come on, lets go!
Put your hands up!
