Intro

Verse

I like to think I don't have any faults
And if I did I'd blame it on somebody else
In my disfunction I learn how to achieve
With a smile on my face and an ace up my sleeve

Chorus

I'll give you all my lovin'
If you come hang out
I'll give you all my lovin'
If you'll say you'll shout

Verse

I think my time isn't worth my time
I think it's stupid, only all of the time
I can't be bothered talking to your face
So why don't you go move yourself to a slower pace

Chorus

I'll give you all my lovin'
If you come hang out
I'll give you all my lovin'
If you'll say you'll shout

Instrumental

Chorus

I'll give you all my lovin'
If you come hang out
I'll give you all my lovin'
If you'll say you'll shout
