Chorus:

As a matter of fact what blows my mind,
Man you wanna fuck with me, me,
When I was down on my... and she was hooters fucked
up,
Shawty you ain't wanna fuck with me!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!

Southern smoke!

Yeah, I control the kings like Stevie,
This music on my mind, coming harder than July,
You say the groove can't see me, they're all blind,
Ray Charles minus the... you see the drama!
I know you're seeing too, cause you're now,
Every day on my phone...
Funny how things change when we say hey,
And they see the big diamonds in the pinky...
Wanna feel your face, wanna talk to you,
Or we could go and tell the people...
Cause you're gone, now they're saying you're the one,
... what are making and they're hating...

Chorus:

As a matter of fact what blows my mind,
Man you wanna fuck with me, me,
When I was down on my... and she was hooters fucked
up,
Shawty you ain't wanna fuck with me!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!

... take the game from me,
Moving back to the hood, say you came for me,
A dumb broke nigger ain't the thing to be,
But my old girl man, she stick with me!
Yeah, money magnate, grind as immaculate,

God, don't make mistakes, I don't believe in accidents.,
The one that happened so happened that it was meant
to be, niggers talk to...
It ain't my fault that your baby momma loving me,
... shit, homie was playing to see!
Things don't change for the better,
Now these... are looking at me all bitter on me.

Chorus:

As a matter of fact what blows my mind,
Man you wanna fuck with me, me,
When I was down on my... and she was hooters fucked
up,
Shawty you ain't wanna fuck with me!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!

... baby you don' give a fuck about
... in return it was...
You probably thought you'll never see me in the lime
light,
A quarter million dollars later get your mind right,
I met this incredible me... back in the way back,
... tell 'em to take that
And on the cool, I know you hate that,
Calling the payback, the only thing you ever did was...
I only try to rub it in your face,
I try to...

Chorus:

As a matter of fact what blows my mind,
Man you wanna fuck with me, me,
When I was down on my... and she was hooters fucked
up,
Shawty you ain't wanna fuck with me!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!

Enjoy this Kush, I'm on my...
... protect the good look,
They say they're gaining weight from the way that they
took.
I look in my... faces and they shook,

... just try to make for their hood,
... me and myself, me and the money doing good,
You don't have to explain what's already understood!
... in the hood if they could,
My enemy is surprised as I ride through the hood.
... give you another chance, yeah I should!

Chorus:

As a matter of fact what blows my mind,
Man you wanna fuck with me, me,
When I was down on my... and she was hooters fucked
up,
Shawty you ain't wanna fuck with me!
Got me blowing all out, while you're blowing my heart
Trying to get next to me,
See a nigger in the zone, get money on my own,
Really living up my fantasy!
