[2Pac]

No man separate what we create  
Unstoppable, untouchable, motherfuckin worldwide  
mob figures  
Death Row at it's finest!  
M.O.B., thug for motherfuckin life Motherfuckin made  
niggaz  
We comin after these niggaz, worldwide  
Feel me! Makaveli the Don

My life in exchange for yours, born hated as a thug  
House full of babies cryin from a lack of gettin love  
Ain't nobody tell me shit, 'til I got a sack of drugs  
Had the block sewn up, cause I learned to pack a gun,  
do you feel me?  
World do ya hear me? Catch a risin star  
Fuck the love, niggaz fear me  
Got these niggaz runnin all wild from my double-I  
When we ride motherfuckers is sho' to die  
Boom once I enter the room, in the air  
all you hear is the whispers of doom, niggaz scared  
They don't wanna see me head on..  
Think of all the busters that I had to leave dead and  
gone  
Call a gravedigga, fuckin with a made nigga, M.O.B.  
Gunfire gettin sprayed quicker..  
Fuck 'em all let em understand my plot to get richer  
Much more than six figures, a motherfuckin made  
nigga

(Can you feel me?)  
A motherfuckin made nigga..  
I got a plot to get richer, take my picture  
A made nigga

[Napolean]

Nigga I was raised on the streets, I had to hustle just to  
eat  
My role model was killin niggaz so I know, I would never  
be weak  
They got me sittin wonderin, where my life begins

These niggaz crossed my father den my father  
crossed them  
Cause I roll with Immortal Thug niggaz  
And my number one plan to kill a man to grab a needle  
and drug niggaz  
Niggaz don't like us because they bitches straight love  
us  
The President told us to leave, cause the government  
don't want us  
It's Napoleon, I get my pleasure out of sin  
and seein blood spill ain't shit cause I seen it at the  
beginnin  
A made nigga

[Fatal Hussein]

How many niggaz fall in ya vision?  
Gunnin 'em down for every last minute that I spent in  
prison  
We mash together, plus we get cash together  
Blast whenever knowin it don't last forever  
It's only one way out and one way in  
Motherfuckers cross and get crossed out, never made  
men  
We find excuses to loot, cock, and shoot  
Blow the roof off them groups like (?)Rachmel Raouf(?)  
I can't be touched cause of the weapons I clutch  
And the niggaz that I'm under, is just too much  
We made niggaz

[E.D.I.]

Picture the scenery cause for now you gon' have to  
imagine  
Call me a prophet cause I predicted what's gon' happen  
I began the paper, stackin at those  
who be paper snatchin, will emerge like crack in the  
80's  
Baby, maybe, that's if I slip  
But I became official since the start of this, Edi Amin  
Born July, 7th a few shed eyes  
Precious but others gave me they hate, to cherish  
But still I made it, a made nigga made by the game  
Made for war, my aim is simple and plain  
Yeah whether it's 'caine, or these tracks made for your  
brain  
You'll forever know my name, Edi Amin

[Kastro]

I ain't count the line, my strap, not head,  
there will be none of that  
The young hog, K-Dog playin Outlaw Immortal combat  
With the criminal skill, they cannot beat me a nigga

Til he still and chill, recognize the real dea  
I Feel - a nigga made when I was young and dumb  
with a gun but it pays so I'm bustin for fun  
And the outcome will be the same every time  
We all gon' die, get yours cause I'ma get mine

[Khadafi]

Tha Outlawz, we be the Don Juan's of this rough shit  
Rhymes baptize your mind while paralyze the public  
With my mentality of war, dead bodies and silence give  
it to ya raw

Thug nigga to the core

The results of livin poor, got me thinkin on a made level  
Shootin my gauge to get paid, a fuckin crazed devil  
Mash shit from here to there day by day, year to year  
Made niggaz on ya motherfuckin tear, I'm a made  
nigga
