Sometimes I feel like I'm getting kinda low
Thoughts that I'm thinkin' are the reason I know
So I try to remember, without talkin' to myself
Things that I said or maybe things that I felt about you
Sittin' in a corner of a crowded bar room
People all around me and I still feel alone
Just when I know I'm gonna break down and cry
Someone plays a tune that dried the tear from my eye

There goes another love song
Someone singin' about me again
There goes another love song
Now I need more than a friend
Lonesome and lonely, far from my home
Tryin' to get back to where I know I belong
Wishin' and hopin' I was already there
I just heard a voice whisper in my ear

Chorus x2

I said (Chorus)
