Fireworks

Music & Lyrics: Andre Tonanni

Fireworks, Fireworks  
Fireworks, Fireworks,  
Don't you know the fire is burning in my heart  
Fireworks, Fireworks  
Burning inside my heart

Kissing you, feels like standing on the edge of me  
Like a fool, I just stare and hope that you don't see

When you're standing by my side  
I go crazy, I can't hide  
Hold me, just touch me there cause you know  
Baby only you can light my (Chorus)

Try to hide, but your body says that you're a liar  
Fake disguise, 'cause I'm sure you wanna start the fire

Close to you I loose control  
Head is spinning, heart says go  
Stop it, I can't hold back anymore  
Baby only you can light my (Chorus)

I wanna dance, so baby gimme a chance to make  
horizontally,

You're so naive, just tell me now what you need 'cause I  
don't wanna miss the beat, I wanna light your (Chorus)
