Don't do it tonight  
Don't do it

You feel you need a sex change  
The need to be a man  
I feel you baby you're okay  
Just the way you stand

So don't do it oh no  
Don't do it tonight  
Don't do it  
Don't go under the knife

You're a girl a pretty one  
With eyes that glow at night  
In other words baby  
You'll always be a girl to me

So in that pretty head of yours  
Think before you switch  
'Cause under the knife could be a mistake

You're female gender I know of this  
If I could have only one wish  
It'd be for you to be my bitch yeah

Baby don't do it oh no  
Don't do it tonight  
Don't do it  
Don't go under the knife

Let me see I'll try talk some sense into you babe  
I love your lips yeah  
I love your eyes the most yeah  
'Cause you're my feminine feminine girl yeah

You're a girl a pretty one  
With eyes that glow at night  
In other words baby  
You'll always be a girl to me

You feel you need a sex change

The need to be a man  
I feel you baby you're okay  
Just the way you stand

So in that pretty head of yours  
Think before you switch  
'Cause under the knife could be a mistake

You're female gender I know of this  
If I could have only one wish  
It'd be for you to be my bitch yeah

Don't do it baby  
Don't do it tonight  
Don't do it  
Don't go under the knife

Don't do it baby  
Don't do it tonight  
Don't do it  
Don't go under the knife

Don't go under the knife  
Don't do under the knife yeah  
Go under me babe  
Go under me

Go under me babe  
Go under me  
Go under me babe  
Go under me

Go under me babe  
Go under me
