We don't have a dream, it's what you wanted  
Scrape until the scream, this place is haunted  
Close the lips and kiss divine submission  
Nothing but a hiss, we've got ignition

Pretty, when your mouth is shut  
Bend and brace yourself for every cut  
Here's a whore who can sing and folks are frantic to  
touch  
As much as a piece of her string, how romantic

Please, I'll be gentle  
It's just a rental, your voice is void  
Squeeze 'til your bones break  
Screened 'til it's too late now

Caskets come to court their corpse companions  
Deceased but we still report for our abandon  
Sing so I save a shred of life or life-like thought  
We're not living dead, at least not quite yet

Please, I'll be gentle  
It's just a rental, your voice is void  
Squeeze 'til your bones break  
Screened 'til it's too late now

We don't have a dream, it's what you wanted  
Scrape until the scream, this place is haunted  
We don't have a dream, it's what you wanted  
Scrape until the scream, this place is haunted

Please, I'll be gentle  
It's just a rental, your voice is void  
Squeeze 'til your bones break  
Screened 'til it's too late now, no, no

Please, I'll be gentle  
It's just a rental, your voice is void  
Squeeze 'til your bones break  
Screened 'til it's too late now

Please, I'll be gentle
