It's a shotgun baby
I think, I'll use it tonight
It's a shutdown baby
I've got you in my sights

It's just a shadow baby
It can't come to life
But it's the shadows baby
They're quickest with the knife

If I was a robot would you love me anymore?
If I wore a mask would you know?
If I was a robot would you love me anymore?
If I wore a mask

It's a contract baby
We're gonna make you sign
It's your choice now baby
But you could die tonight

It's a whisper baby
When your ears are blind
It's a scream baby
We don't want your kind

If I was a robot would you love me anymore?
If I wore a mask would you know?
If I was a robot would you love me anymore?
If I wore a mask
