Chorus:

Oh no, Im not the one you see
So don't you go confusing me
Ive got a different mentality
Im trying to be drama free
You stress me out and that's the truth
I don't want no substitute
For the peace of my mind that comes to me
Cause Im living drama free
Can you give me one bit of rest?
Gotta say you didn't pass the test
I thought about it but you aint Gods best
Youre just not what I need
Tried to run a stupid game on me
Im not blind I see quite clearly
Cant have you disrespecting me
So Im gone just like the breeze
Can you give me just one bit of space?
Girl I love you but you're driving me insane
Gossiping always into trouble and then
You want me to justify
Tired of hearing stories, he said, she said
Tired of hearing bout the crazy things you did
Would you listen to me just once or twice?
Make a difference in your life
But you don't now

Bridge:

Ive made changes I know you see
No more old this is my new leaf
Leaving behind all that's stressing me
Needlessly, drama free
(Oh oh oh) Can you hear me?
(Oh oh oh) Can you feel me?
Its not that I don't care about it
Its just that Ive got to do without it
(One) My choice to just be done
(Two) Hope I made it clear to you
(Three) Something that works for me
(Four) don't want the drama no more
