V 1:

Ever since I saw you smile, & talked to you on the
phone
I feel like I could sprint for miles
And thus new lands I could roam
Could this be God sending you my way
If it's the same faith we're believing, I want this feeling
to stay
If only I could see how you feel, I wish someone would
tell me if this love is for real

CHORUS:

Cuz I've never known a force like this
That could bring these two hearts together
It's amazing & I hope we don't miss the mark
Cause I'd like to be with you forever

V 2:

It seems like you could be the one
The one right for me in time
I need direction from God above, I need to know that
I'm in love
Cuz at love I'm new, & I'm falling for you
And I don't want to get hurt by the things that you might
do
If only I could see how you feel
I wish someone would tell me if this love is for real

CHORUS

BRIDGE:

You bring me joy, & put a smile on my face
When I'm with you all my sadness is erased
If only I could see how you feel
I wish someone would tell me if this love is for real

[CHORUS OUT]
