V 1:

Some say that friendship should be a life time thing  
A time that turns the seasons, builds trust & gives us  
strength  
A friend's a friend forever, untill the end of time  
Throught the good & the bad, a friend will be by your  
side, yeah

CHORUS:

If you're looking for a friend  
You found a friend in me  
Not just for the moment, but throughout eternity  
If you're looking for a friend  
You can always count on me  
And not just for the moment, but throught all eternity  
A friend is one who listens, always there for you  
A yes when there's a no, a don't when they say do  
Someone who'll forgive you, & never turn away  
Arms of love that won't let go when you are afraid

CHORUS

BRIDGE:

And if the sun don't rise tomorrow  
And the world never turns again  
My heart will never feel no sorrow  
For I know that always the Lord is there

If you're looking for a friend  
You found a friend in me  
I will be your friend, Till eternity
