It's easy to see that your mecy for me runs deeper than
I ever could imagine
You love me as I am, though you know what I should be
That's why loving you has now become my passion

CHORUS:

Ain't nothin' but a good thing [Oh don't you know that
it's true]
Ain't nothin' but a good thing [I am devoted to you]
Ain't nothin' but a good thing [You put a smile on my
face]
Ain't nothin' but a good thing
Ain't nothin' but a good thing

It's your love for me that has helped me to see
That people need to give to live together
If only I could love the way that you love, it would
simply make the world a little better

BRIDGE:

Woah
I don't know what you see in me
Woah
But I know your love is all I need
Woah
And to the world this light I show
Woah
And maybe they would know that it

CHORUS

Ooooh, Ooooh
All this love, all this love I tell ya
All this love you're giving, all this love I'm gettin'
All this love you've shown me.

BRIDGE & VERSE 1 TOGETHER [CHORUS OUT]
