You lost your courage, you gave it away
Trading you virtue for the lies that bring shame
Feel so alone now, secrets keep you from me
Trying to hide it all but know that I see, it
Because I was there when those thoughts began
I was there when you changed within
I was there as guilty tears you cried
I'm still here, please understand that I

CHORUS

I am the one who restores your soul
I am the one who makes you whole again
No matter what you've done, how far you've run
Just turn around cause I'm waiting to hold you
Don't be misled now, don't remain in that space
Secrets they hate the light so come into my place
Its a peaceful thing to confess
That you lost your pureness
But know it's not hopeless cause I

CHORUS

Realize that what you've done has distanced you from
me
Determine in your heart, you'll do whatever to be free
Turn from your past and leave the old ways behind
Walk with me so closely, never doubt that you are mine
And if they try to judge you, and would turn you away
Know that I have saved you, there's no need to be
ashamed
You turned from your past and left your old ways
behind
Your walking with me so you tell the world that you are
mine
The one..

CHORUS (2x)

Realize that what you've done has distanced you from
me
(You made a separation)
Determine in your heart, you'll do whatever to be free
(I'm here to offer you salvation)
Turn from your past and leave the old ways behind
(Let me be your destination)
Walk with me so closely, never doubt that you are mine
(Nobody can separate you from my love)
