[Verse 1]

Immortal Invisible God only wise
In light inaccessible, hid from our eyes
Most blessed, most glorious, ancient of days
Almighty, victorious, thy great name we praise

(Chorus)

Hou are holy, you are worthy
We exalt you and lift up your name
Mere words aren't enough to declare you great love
Oh Zion, oh ancient of days

[Verse 2]

Unresting, unhastion and silent as light
Never wanting nor wasting thou rulest in might
Thy justice like mountains high soaring above
Thy clouds which are fountains of goodness and love

(Chorus)

[Bridge]

And to all life tou giveth both great and small
In all life thou lives the true life to all
Thy wisdom so boundess, thy mercy so free
Eternal Thy goodness for nothing changes thee

(Chorus)
