Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love  
Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love

Your heart is broken  
And you're wonderin'  
What you can do to ease  
The hurt and pain you feel

You're lettin' these no ones  
Get in closer  
Than they need to  
'Cause you're lookin' for love

Oh, I've got a feelin'  
That no one's told you  
No one is bothered at all  
To give you what you need

So you're out searchin'  
For someone to hold on to  
But you don't know it's right there  
If you'd only see

Lookin' for love in all the wrong places  
Just to find someone who can erase  
The hurt you feel, if you could you'd get a potion  
The love of God goes deeper than an ocean

Lookin' for love you know that I can show you  
'Cause what I've found goes on and on and on  
And you never have to worry about it bein' gone

You're on your own now, doin' your own thing  
Say you don't need nobody's help to make it through  
But your really wastin' your time  
(You're still lonely)

And you know that your gonna find  
That you're only left more empty  
Then you were before

Oh, but I'm tellin' you

You don't have to look around  
Let me tell you 'bout the love that I have found  
Everything that your heart needs  
It's just right here, right here waitin'

No you don't have to look no more  
Real love is knockin' on your door  
Everything that your soul needs  
It's just right here, right here waitin' for you

Lookin' for love in all the wrong places  
Just to find someone who can erase  
The hurt you feel, if you could you'd get a potion  
The love of God goes deeper than an ocean

Lookin' for love you know that I can show you  
'Cause what I've found goes on and on and on  
And you never have to worry about it bein' gone

Now, there's puppy love and crushes  
Such as girl meets boy  
Goin' out and do you like me?  
Check her yes or no

Well, I was lookin' for love  
In the deepest of all places  
Though I found it on a two-way street  
Lifted in spaces

The status of a broken heart  
Eternity while the phony one  
Love is blind, I'm fallin' it  
While I'm bumin' into hurdles

Since I got most all love  
And we can feel it in this presence  
God is closer than close  
Why try to reach Him long distance?

Oh, my friend I'm tellin' you  
I've been there myself a time or two  
When I was just runnin' 'round  
To find peace for my heart when it's been broken down

There's somethin' that you need to see  
The one who made you loves you please believe  
It's all you need to get by and you know somebody  
So just tell me why you're

Lookin' for love in all the wrong places  
Just to find someone who can erase  
The hurt you feel, if you could you'd get a potion  
The love of God goes deeper than an ocean

Lookin' for love you know that I can show you  
'Cause what I've found goes on and on and on  
And you never have to worry about it bein' gone

Lookin' for love in all the wrong places  
Just to find someone who can erase  
The hurt you feel, if you could you'd get a potion  
The love of God goes deeper than an ocean

Lookin' for love you know that I can show you  
'Cause what I've found goes on and on and on  
And you never have to worry about it bein' gone

Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love  
Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love

Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love  
Lookin' for love, lookin' for love  
Lookin' for, lookin' for, lookin' for love
