When troubles come my way
I look to you and everything's ok
When help seems to disappear
I look to you and then it's all so clear
When hard nights turn into hard days.
How i long to seek your face.
When blue skies turn to gray
I look to you and then i know it's gonna be a
It's gonna be a lovely day
When i wake up in the morning, lord
And the sun light hurts my eyes
And something without warning, lord
Bears heavy on my mind
Then i look to you (then i look to you)
And the world's alright with me (and the world is
alright)
Just one look to you
And i know it's gonna be (its gonna be)
I think it's gonna a lovely day
[chorus]
(a lovely day)lovely day, lovely day, lovely day, lovely
day [4x]
When the day that lies ahead of me
Seems impossinle to face
When someone else instead of me
Always seems to know the way you know that's when i
look to you
Then i look to you and the worlds alright (and the
world's alright with me)
Then i look to you and the world is alright with me
Just one look to you(just one look to you and i know it's
gonna be)
(just one look to you) just one look to you and i know it's
gonna be
(and i know it's gonna be) i think it's gonna be a lovely
day
[chorus]
(a lovely day) lovely day, lovely day, lovely day, lovely
day [4x]
When i wake up in the morning lord and the sun light
hurts my eyes
And something without warning lord you know that it

bears heavy on my mind.
When the day that lies ahead of me seems impossible
to face,
And there's someone else instead of me always seems
to know the way
Then i look to you and the world is alright (and the
world is alright with me)
Then i look to you and the world is alright with me
