Na-aa-aa-aa-aa-a-aaa-a

show me another way  
and I promise you,  
I promise you

Show me a sign to follow  
Give me a prayer to pray  
Send an angel of light from heaven  
To show me another way

B-SECTION:

I've seen my life as time gone by  
Questions unanswered but still ask why  
You know I have tried to prove myself  
Now I really need your mercy & help

CHORUS:

Show me another way  
And I'll promise you I'll never stray  
Show me another way  
And I'll follow you come whatever may

Give me a chance to start over  
Give me a reason to live  
Make a way out of no way for me  
A peace only you can give
