I just got one question
Where my soldiers at

I see you
I see you watching me
Yeah, you know I'm on it
See how I'm living
You know I'm too strong

All they throw at me
I'm not falling for it
They think I'm alone
They've got it all wrong

Everybody on the left
And everybody on the right
Who's not scared to testify
(Willing to testify)

Gotta let the world know it
That you're not afraid to show it
If you're not afraid to show it
Let me hear you tonight

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

The world's watching you
Whatcha gonna do now?
Will you make a move?
Will you show and prove?

In all that you do
Gotta represent
The life that we've been given
The reason why we're living so

Everybody on the left
And everybody on the right
Who's not scared to testify
(Willing to testify)

Gotta let the world know it
That you're not afraid to show it
If you're not afraid to show it
Let me hear you tonight

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place

All my people in the place

Well, you know there's a reason
We're here to change the world
And you know I'm believing
We can do it but it's up to you

The request of the maker
Of the ocean and the sky so
It's a call for some soldiers
So if you're not afraid to take a stand
Then let me see you raise your hand

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place
You're looking good with style and grace
But here's my question, listen clear
Where my soldiers
(Right here)

Say hey
If you know you keep it tight
Say hey
Where my soldiers at
(Right here)

All my people in the place
Where my soldiers at

All my people in the place
Where my soldiers at
