

Out Of Eden "Tomorrow"

Visit "[Tomorrow](#)" on MotoLyrics.com

There are times in our lives
When we all feel inside
Something's wrong, there's gotta be
Something better for me
So we try on our own
To change our paths,
But we don't realize that joy comes after rain
And Life begins again

Chorus:

Tomorrow
Is a better day
Tomorrow
You will see the way
When God is by your side to stay
Just keep on movin', don't you dare give up

There are times, times we
Can be swayed so easily
Doubt can come in my mind
And I'm ready to give up this time
But I've got to keep on goin', got to keep on movin'

Got to keep on pressing it through
'Cause I know my God is able, oh He's more than able
It's no thing to take care of you, I say....
(Chorus)

Bridge:

He knows of everything you're goin' though
Has enough love to take good care of you
You know exactly what you need to do
So just keep movin', don't you dare give up
He knows of everything you're goin' though
Has enough love to take good care of you
You know exactly what you need to do
So just keep movin'

(Chorus)
