Ahh Ahh Ahh  
Get ready for me  
I'm killin em  
I'm killin em  
I'm killin em  
Ah ah I'm Killin Em

They see me coming and they don't know what to say  
I'm brining trouble like the clouds bring in the rain  
You taste my ego like its right there in your face  
and you know I got an attitude  
I do this everyday

Call me the super B the one you love to hate.  
I'm not the time of chick to sit around and wait  
I'm a go getter the world is mine to take and you know I  
got an attitude  
Ya'll get out my face

Ahh Ahh Ahh  
Get ready for me  
I'm killin em  
I'm killin em  
I'm killin em  
Ah ah I'm Killin Em
